THE STORY

Worn With *Intention*

*T*he Alexander Couture Collection is a study in quiet confidence — a wardrobe of silhouettes designed not to be noticed, but to be felt. Each style is engineered with lace-front and monofilament construction for a hairline so natural it disappears, and rendered in tones drawn from the season's most coveted palette.

This is hair worn with intention: for the woman who chooses her reflection, and wears it like couture.

NEW FOR 2026

Caramel Copper · Mocha Mousse · Butter Biscuit Blond
· Golden Latte Blond

Four signature shades join the collection this season — warm, dimensional, and rooted for depth.
